Well Pet Clinic Project Update!

Introducing the HSWC Well-Pet Center, still under construction but scheduled to become fully operational during April 2024! This project has been 10 years in the planning; culminating in a 1000+ square foot building on our property, the first of its kind in Waupaca County. There we will perform spays/neuters, vaccinations, microchipping and routine blood tests.

Continuing and building upon our existing spay/neuter program, we will still serve the public in Waupaca, Waushara and Shawano counties as well as rescues and shelters from all over Wisconsin. Monthly vaccination/microchip clinics are planned starting later in April 2024.

Front of HSWC Well-Pet Center

This project was made possible through the generosity of donors! Our final payment to the builder will be coming due in April, 2024 and we are fervently hoping we will not need to rely on a mortgage to make that payment. While we are eternally grateful for all the donations thus far, we are compelled to ask again. Avoiding the monthly mortgage payment is key in keeping our fees as affordable as they can be!

Side of HSWC Well-Pet Center

Please help!! As of this writing, we still need to raise over \$175,000 to complete this project and finish furnishing the building. Donations can be made using the coupon on the back of PawPrints, on our website, waupacahumane.org or dropped off during normal business hours at The HSWC Adoption Center, 2293 Commercial Dr., Waupaca WI 54981.

Find us on Facebook

When waiting for the next issue of Paw Prints just isn't enough! Now we're available with day-to-day information on two Facebook pages! To find HSWC's page, just search for "Waupaca Humane" and it will pop right up. Become a Fan of our "Waupaca Humane-Humane Society of Waupaca County" and you'll come to enjoy the daily postings including wish list updates, videos, fun photos and much more! The HSWC is looking forward to seeing you there!

There's Something About Slim

We are shocked that this super lovable cat is still here after almost two years.

Slim came to us as a young stray kitty in June of 2022 and was a lover right off the bat. Once ready for adoption he made his way up to our adoptable cat room. He's so friendly, we thought he'd be adopted quickly. Over the last 2 years Slim was promoted to office staff. He's been helping with all the paperwork he can get his paws on and keeps our adoption counselors company during our slow nights. Slim has graciously taken on the job of greeter, enjoying the attention of walk ins. He loves supervising the filling out of adoption applications! Not everyone has appreciated his help, but

he just wanted to make sure he was doing his job to the fullest.

We learned that Slim enjoys the company of respectful dogs and he has become our dog tester cat. He accepted that job title with a lot of pride, knowing that he was helping us out tremendously with the task. We asked him to be a cat tester, but he declined, stating he prefers to not be around other cats and requests that when he does find his forever home that he be the only one.

Being only three and a half years old, Slim has a lot of kitten left in him and loves to play and romp around occasionally. He's independent- but don't worry, he still wants the affection from us humans and loves a good hug now and again.

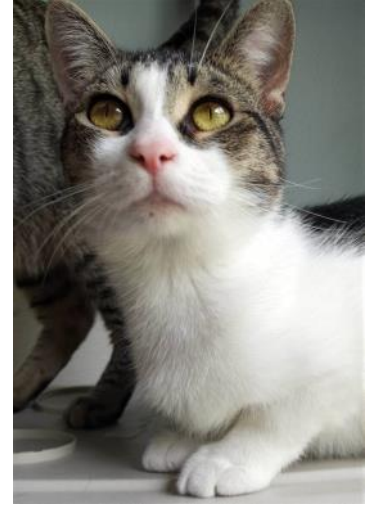

We'd love to see this sweet, handsome boy go home. We love him to death, but he deserves a home with all day access to windows, love, and snuggles.

If you think Slim would be a purrfect fit for your family, please visit our website www.waupacahumane.org to fill out an application!

Heart Ache and Happiness...

Tommy Pickles and his brother Dil Pickles came to HSWC as happy healthy kittens during March of 2023. In August we noticed Tommy was coughing and his breathing was labored. After monitoring him for a couple hours, xrays were ordered to see what was going on. It's a good thing we did because we discovered Tommy had pulmonary edema, meaning he had fluid around his lungs. Dr. Ziegler had us start him on Lasix and we continued to closely monitor him.

Dr. Ziegler diagnosed Tommy with a significant heart murmur that wasn't present during his neuter surgery 5 months prior. After a lot of research and networking we were connected with a cat cardiologist at UW Veterinary Medicine in Madison who was interested in doing an exam and tests on Tommy so we could hopefully get answers on his heart condition.

Early in December, Monica P took Tommy to his appointment with the cardiologist. The news was devastating... Tommy was diagnosed with significant, inoperable heart disease and there was nothing we could do besides continue his meds and keep him as comfortable as possible.

Over the next month Tommy was doing well on his medication and enjoyed getting all the extra love from staff and volunteers. Unfortunately, shortly into the new year, we noticed Tommy's health was starting to decline and he no longer had an appetite. Monday, January 8, surrounded by so much love, Tommy gently crossed over the Rainbow Bridge.

Tommy's cardiologist asked if we'd be willing to donate his body so they could learn more about his condition and help other cats in the future. Of course, we agreed because it was

Tommy's legacy of love, that he could provide a learning opportunity and possibly spare another cat's life.

Oh Tommy, we will always remember your sweet snuggles and thunder purr!

Tommy's brother Dil Pickles has been adopted into a home with another cat and dog to be his friends. (see page 7 for Dill's Happy Landing!)

We experience heart ache.... And we also experience happiness...

Our Beloved Tommy and our Sweet Granny

Around the time of Tommy's diagnosis we took in a stray senior cat we called "Granny" who was a sweet old lady kitty. She seemed to be in good health until a few days after her spay procedure when it became clear she was struggling. She became lethargic and refused food.

During a day of sub Q fluids, syringe feedings and heating pads, we checked her blood sugar and it was more than six times higher than normal. Granny had gone into ketoacidosis and we had to act quickly to start her on insulin to control her blood sugar plus IV fluids to help restore her hydration and flush out her system. Within 24 hours, Granny showed huge improvement and started moving around and eating on her own!

We're happy to say that after being on regular insulin and diabetic cat food she's doing wonderful! We've been able to stop her insulin injections and she's gained over 3 pounds! She is "special needs" because of the diabetes, but she is ready for adoption.

These cats are vastly different and had very different outcomes. Both of their stories are a testament to how much time, effort and expense we invest in the wellness of our resident animals, and how engaged our medical team and animal care staff are.

All of us at HSWC wish to express our appreciation to the following for helping with these cases: UW Madison Veterinary Medicine; James Ziegler, DVM; Diane Scott; DVM, Leah Nehila, DVM; Portage County Humane Society; Pete Gasper, DVM; Orphan Animal Rescue, and the unknown person who donated the Insulin that ended up saving Granny's life.

Dil Pickles' Happy Landing

It took Dill about a day and a half to get acclimated to our house and Thor. Now he is living his best kitty life, as seen in the pictures. He is very loving and inquisitive and gets along fine with Thor. Thor is still a bit jealous when we give the cat more attention but we also make sure Thor gets his belly rubs. Overall, we love Dill (we have renamed him Loki) and want to definitely adopt him. Thank you so much for pairing him up with us. We couldn't have asked for a more loving cat to our home.

Happy Landings

Prince Phillip

He's doing very well!
He's a very nice cat- it only took him a couple days to adjust to my apartment.

Misty

They're doing great. We absolutely adore her. She seems to be the perfect fit. Everett has taken on the role of her protector and Norman seems to think she's here for a play date more often than not.

Hello!

I just wanted to write a long overdue update on two cats I adopted from your shelter a little over two years ago. I adopted Stella (now LC) and TC (now Charlie). They are amazing cats and perfect additions to the house. When they came to join my family, I had two geriatric cats living with me as well. Both Charlie and LC were very respectful of the older cats and let them have priority spots for sleeping and let them have first dibs at the food too. They even helped to comfort the older cats when their time was approaching. I couldn't have asked for more respectful behavior.

Now that the house is theirs, they have come out of their shell so much more. Charlie has always loved to be held. He will hug your neck and rub his head all over yours. He's a very affectionate kitty. LC is a true calico and can be very affectionate and also have times where she needs her own space.

They thoroughly enjoy the cat-proofed, fenced-in backyard during the warmer months. It helps to give them a larger place to burn off that extra energy and get some extra stimulation.

Charlie does have some allergies but they are very well controlled through Atopica; so, no more ear problems for him. I would like to say a huge thank you to the individuals who brought Charlie and LC to your shelter. And I would also like to say a huge thank you to the shelter and its staff and volunteers for helping to take care of Charlie and LC until I was able to adopt them. I couldn't have asked for a better fit and they truly are amazing cats!

Thank you!

Andrea, Charlie, and LC

Adoptable Dogs and Cats at HSWC

Visit waupacahumane.org to see all our available pets!

Ella is HOME!

Our sweet Ella girl that has been with us since 2017 is HOME! She's been adjusting well to her new home and is loving her new family! She loves her yard, sleeping stretched out in bed and tried to figure out how to join in on snuggles in the recliner. We're so happy for our Ella girl! 
Happy Landings Ella!

Marcie

Marcie is a friendly, chunky girl that wants to be your one and only black beauty. Marcie has been with us since August of 2023.

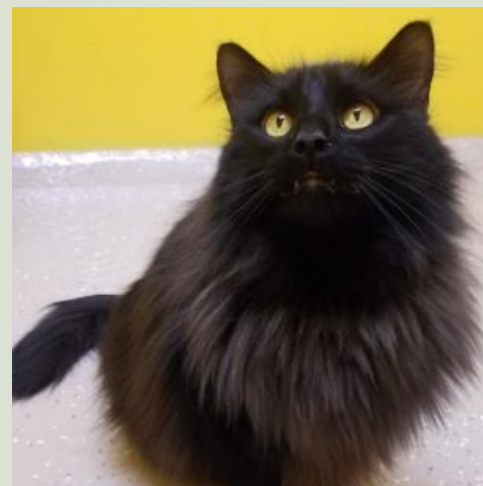

Sonic

Sonic has been with us since May of 2023. He LOVES people and attention. Many are drawn in by his magnificent floof when they are lucky enough to catch him from underneath his blanket or out of his cubby. He prefers to be the only pet in the home. 

Princess Leah

Princess Leah is just that... a Princess. She does love other cats, but it does take her some time to warm up to them. She's shy at first and independent, but once she's befriended her human she's very sweet and loving. She's been best pals with Helen and Jonesy for a long time. She'd probably love to go home with one or both of them.

Available in all shapes and sizes!

Visit waupacahumane.org to see all our available pets!

Myah

8 year old white shepherd/husky girl, looking for easygoing family with no other pets. She's recovered wonderfully after both of her ACLs were repaired this past year. She loves going for walks, her plushy toys, and a good belly rub.

Helen and Jonesy

This dynamic duo are about one and a half years old and have been with us since February 2013. You'd never believe that these two would be so incredibly shy. Looking at them now, they're immensely affectionate and very cuddly. Helen is especially chatty in the morning and loves to sing.

Charlie Brown & Lucy VanPelt

Charlie and Lucy are one and half years old and have been with us since they were born. They're both fantastic with one cat, but prefer him to be around a few more. Charlie is very friendly and outgoing. Lucy is on the shy side, but once she's comfortable, she's very sweet and loving like her brother. You can often find her snuggled up under a blanket in the sunlight.

Happy Landings

Soot

He's such a good boy!! He's everything we've wanted and he's such a perfect addition to our house! He greets us when we come home and runs to the window to see us off when we leave. He's so cuddly and sleeps by my side at night.

He's got a streak of mischief. He's taken to climbing the Christmas tree and finding trinkets around the house that aren't cat toys, but that never stops him

It's been so fun!!
It's going wonderful

—Carley

Rainy

Beak, Artie, Daisy and Bitsy (formerly Angelina, Diamond, Violet, (and Bitsy kept her same name), all hanging out together. They are happy as can be and get along great!

Hi There!

It's somewhere around six months since we brought Lassie home and wanted you to know all is well. The former barn dog has made the successful transition to house dog.. She enjoys her cat companions (Leisel f/k/a Jax from HSWC is one of her favorites), her beach walks, and dog friendly eateries. She is super smart, obedient, always wanting to please with a very sweet temperament. She also enjoys rides in the car to get her some doggie ice cream, rides in the fishing boat as well as car shows. Can't wait to see what she likes during the winter months.

Thank you for helping her and allowing us to adopt her.

Mary & Mike Brod

In Loving Memory of Hazel Joy

Dear HSWC,

It is with the heaviest of hearts that we write this letter to tell you of our precious Hazel Joy's passing last week. We loved her so much. She was our constant and faithful companion, a family member involved in every part of our lives. Each day since we said goodbye has been painful. Hazel was blessed with good health up until about the last 24 hours of her life. After examination and tests, the vet gave us the dreaded news that Hazel had a rare disease, hepatocutaneous syndrome. In her case, it was so aggressive that we could see it hour by

hour consuming her body.

Thank you for caring for Hazel Joy until that day in January 2016 that we came to take our little girl home. Our lives are so much better for having Hazel in our family.

With tears and gratitude,

The Voelker Family

Julie Christensen for Christmas!

~Karen West

In Honor of Annie, adopted on
November 24, 2012.

~Barb Schubring

In Memory of my sweet
Roxy Kitty. She was my special
calico girl with a personality that
made me laugh. She passed in Feb.
2023 and left a hole in my life.

~Diane Plamann

In Honor of our rescue cat Zeke.

~Patricia & Keith Williams

In Honor of our "furbabies"
Smokey, Tasha and Sadie.

~Greta & Steven Baehnman

In Honor of my dad, Don and my
sister, Jill, on her birthday.

~Diane Clue and family

In Memory of Tommy Best.

~Anthony Amundson

Happy Birthday Diane!

~Theresa Harrington

In Memory of

Henry "Hank" Felmeten.

~Theresa Harrington

In Memory of Sue Kempfert.

~Theresa Harrington

In Memory of Jeanne Tarr
who passed away 12/12/2023.
Thank you for all you have done
for her and Waupaca County.

~Jeanne's Family

In Loving Memory of

Alton D. Forseth.

~His Family, Julie Reimer

In Memory of Fern Rusch
~The Rusch Family, Fern's Family

This donation is in honor of
Dr. Ziegler and all he does in
his profession!

He's the best vet around.

Addison (the Newfoundland)
and Kriss H thank him for being
such a great all around person!

In Loving Memory of
Susanne Martens,
who loved her husband Mike
and her dogs

Lindi and Miki dearly.

~Sue Miller, Kim Ribich,

John Martens. Bruce MacIntyre,

Don Drum, Betsy Zellner,

Cindy Bloom, Paul Malek,

John Worzalla, Dawn Kubiak,

Edward Straszewski, The Safstroms,

Sophia Partipilo,

Gary & Suzy Ringel,

Anthony Krausen,

Marguerite Roberts
